

Cerner Project Lifecycle Services

Whether you're challenged with a new Cerner Installation or changes to an existing family of products, the ability to deliver a successful outcome depends on selecting the right partner!

MMY's ability to deliver world class service in the EHR/ ERP has been demonstrated on multiple occasions with many clients. We can help you deliver on time within your budget to provide successful outcomes. Being able to implement a complete program or simply supplement your staff, MMY brings proven methodologies and templates to each engagement to maximize our client's ROI.

Cerner Capabilities

- Program & Project Management
- Workflow Analysis
- Current & Future State Gap Analysis
- All phases of the implementation
 - Phase 0
 - Initiation, Design
 - Build
 - Testing and Training
 - Go-Live Support
 - Post Go-Live Support
- Integration experts can deliver using many of the most popular interface engines (i.e. Core Point, Ensemble, eGate, OPENLink, Cloverleaf, etc.)
- Conversion of paper charts or data in an existing legacy system to your new system by experienced medical professionals (RN, LPN, MA)
- Configuration of your ancillary systems.

Benefits

By allowing a proven partner to assist you, the burden is relieved from your staff. We have a tremendous experience weather with simply suppling supplemental resources or developing the complete program.
